

A short song about diakonia
(with a tune borrowed from The Sound of Music)

How do you say the word diakonia?
How do you help the church to understand?
How do you find a word that means diakonia?
Minister among
servant of God
a friend?

Many a thing you know you want to tell them,
Many a thing they ought to understand.
But how do you make them stay
and listen to all you say?
How do you lead them there by the hand?

O how do you even say diakonia?
How do you say Greek words in a foreign land?
